## REPLY TO LETTER OF INTENT

Welcome to the world of amateur built aircraft. We have enclosed with this letter some information which is highly important to you as a builder. It includes some regulatory material as well as pertinent information and reference material.

We will send a complementary blank data plate for your use when you reach the pre-cover stage. It is made to comply with the requirements of the Canadian Aviation Regulations (CAR), being fireproof and providing space for you to display the 3 mandatory items for identification of your aircraft. The plate is pre-drilled for ease of mounting.

Note: We do not supply this plate for imported Amateur Built Aircraft.

For further information, please see the MDRA web site at www.md-ra.com

This site offers:

- MDRA documents and forms
- Transport Canada documents and forms
- Information for builders
- Links to sites of interest to amateur builders
- Contact information for MDRA Regional Representatives
- Guide to filling the Initial application for a special certificate of airworthiness for amateur-built aircraft document.

**Disclaimer:**

MDRA will endeavour to keep our web site and mailings accurate and up to date. However, legislation and policies do change from time to time, and it is up to you as the builder, to stay informed and ensure you are working with up to date material. Please check with our office if you have any questions.

Local Phone: 519-457-2909 Toll Free : 1-877-419-2111

Mail to: PO Box 32059, RPO Northland, London ON N5V 5K4

We wish you the best on your project, and hope to be hearing from you soon.
