Aircraft eligibility for Registration

Name of Builder(s)
Aircraft Kit Manufacturer (if applicable)
Aircraft Model Designation
Serial Number

2. Eligibility for a Flight Authority for issuing a Certificate of Registration

The aircraft described above has been inspected during construction. It will be eligible for a flight authority, provided that further inspections are satisfactory. For the purposes of compliance with paragraph 222.16(1)(e) of Standard 222 - Aircraft Marking and Registration this aircraft may be considered eligible for a flight authority,

Applying for a Certificate of Registration

Information may be found at https://www.tc.gc.ca/eng/civilaviation/standards/general-ccarcs-amateur-408.htt

Submit your application along with supporting documentation to your nearest Transport Canada Regional Office. (http://www.tc.gc.ca/eng/civilaviation/standards/general-ccarcs-regionaloffices-2056.htm)

Standard 222 - Aircraft Marking and Registration

You will need to provide the following;

i) A complete Transport Canada Civil Aviation (TCCA) Form 26-0522– Application for Registration.

ii) Proof you are the aircraft owner (e.g. a statement of construction from plans or raw materials, kit bill of sale).

iii) Proof that the aircraft is eligible for a flight authority pursuant to Part V of the Canadian Aviation Regulations (**Block 2 above**).

iv) A clear photograph of the Aircraft Identification (ID) plate for the purpose of accurately identifying the make, model and serial number of the aircraft.

v) Receipt for appropriate fee payment (online payment is available at http://www.canada.ca/payments-air).

Note: A 'next available' registration mark will be issued upon registration. Alternatively, you may reserve a mark or request a special (particular) mark for your amateur built aircraft by contacting your nearest Transport Canada Regional Office

**If any of the information changes after issuance of the C of R, the C of R will need to be re-issued. There is no charge for change of address.*
